Senior Advisor

### ABOUT

Licensed since 2001, Troy Daigle offers more than two decades of expertise in buying, selling, and leasing commercial, industrial, and flex properties. Born and raised in Acadia Parish, he combines his deep South Louisiana roots with a strategic, results-driven approach that consistently delivers for his clients.

A proud graduate of McNeese State University, where he attended on an athletic scholarship, Troy brings the same discipline, focus, and competitive drive from his athletic career into real estate.

His in-depth market knowledge and unwavering commitment to client success have earned him the trust of investors, business owners, and developers across the region.

Beyond real estate, Troy is an avid fitness enthusiast, enjoys traveling with his wife, and treasures time with his two daughters. He believes strong relationships are the cornerstone of every successful deal — and works tirelessly to ensure his clients' goals become reality.
