ABOUT

I am a full-time Realtor servicing the Greater New Orleans Metro & Greater Baton Rouge Metro markets. As a lifelong resident, I have spent significant time in many neighborhoods throughout the Metro area. As a Realtor, I have completed successful transactions for my clients in Southshore (Uptown, Mid-city, LakeFront Lakeview, Gentilly, Bywater, CBD, Warehouse, Garden District, Metairie, Ole Metairie, Kenner), Northshore (Mandeville, Covington, Madisonville, Folsom, Slidell), West Bank (English Turn, Algiers Point, Algiers, Old Gretna, Gretna, Harvey) River Parishes (LaPlace, Donaldsonville, Ormand, Destrehan, Luling), Baton Rouge area (University, Perkins Row, Prairieville, Gonzales, Maurepas, St Amant, Denham Springs), The Bayou (Houma, Thibodaux, Raceland), St Bernard and Plaquemines Parishes. With a background in banking and insurance, I can provide my clients with additional insight into the property purchasing and selling process, aiding them in informed decision-making. My formal education, including an M.S. in Finance and an M.B.A., combined with 23 years in real estate, has enabled me to become one of the top 5 producers in my company.

My goals for every client are to make the process smooth and educational, to protect their investment, and to help them achieve their objectives. The ability to accomplish all three of these goals is evidence of the value I bring to the table in every successful transaction. Listening to what a client wants and needs is the key. Once the need is identified, my knowledge of the market and connections with other agents, lenders, insurers, inspectors, contractors, and other professional colleagues make for a smooth and streamlined transaction. Once the need has been identified and met, that is only the beginning. As a Certified...
