Beverly Hobbs Hobbs Shea

Broker/Consulting Realtor

ABOUT

First licensed in 1975, Beverly has been a fixture in local real estate. Upon obtaining her broker's license just a few short years later, her experiences began to increase, including: subdivision development, new home construction, financing, buyer brokerage, light commercial, and all aspects of residential real estate brokerage. Her leadership in special projects groomed her for sharing that knowledge via speaking, company ownership and management, and consulting.

Results driven, there is none as tenacious in working hard for her clients; through a great network of other competent real estate professionals, she is able to refer to a specialist, and frequently does.

Beverly is known for her candor and her integrity. She is fast becoming the go-to for brokers and agents alike who seek her knowledge and assistance in navigating a challenging real estate landscape.
