**ABOUT**

I began real estate career in 1985 after leaving a teaching job in Jefferson parish. Specialized in HUD, VA, Farmer's Homes, repos then opened my own firm, People's Realty, Inc.

Even though People's Realty, Inc. is a very small firm, but it is well recognized among the full time real estate professionals, on the Westbank. It is not the size of the company, but the quality service that counts.

Besides selling real estate, People's Realty, Inc. successfully manages many commercial buildings and residential properties, mainly on the Westbank. We go the extra miles to serve both tenants and Landlords.
